

Arbutus to Participate in Two Upcoming Investor Conferences

September 7, 2023

WARMINSTER, Pa., Sept. 07, 2023 (GLOBE NEWSWIRE) -- Arbutus Biopharma Corporation (Nasdaq: ABUS), a clinical-stage biopharmaceutical company leveraging its extensive virology expertise to develop novel therapeutics that target specific viral diseases, today announced that the Arbutus management team will participate in and host one-on-one meetings at the following two upcoming investor conferences:

H.C. Wainwright 25th Annual Global Investment Conference: Formal Presentation on September 12, 2023 at 3:30 pm ET

Baird's 2023 Global Healthcare Conference: Fireside Chat on September 13, 2023 at 7:55 am ET

To access the live webcast of the presentations please visit: <https://investor.arbutusbio.com/events-presentations>. An archived replay of the webcast will be available on the Arbutus website for a limited time after the event.

About Arbutus

Arbutus Biopharma Corporation (Nasdaq: ABUS) is a clinical-stage biopharmaceutical company leveraging its extensive virology expertise to develop novel therapeutics that target specific viral diseases. Our current focus areas include Hepatitis B virus (HBV), SARS-CoV-2, and other coronaviruses. To address HBV, we are developing a RNAi therapeutic, an oral PD-L1 inhibitor, and an oral RNA destabilizer to potentially identify a combination regimen with the aim of providing a functional cure for patients with chronic HBV by suppressing viral replication, reducing surface antigen and reawakening the immune system. We believe our lead compound, AB-729, is the only RNAi therapeutic with evidence of immune re-awakening. AB-729 is currently being evaluated in multiple phase 2 clinical trials. We also have an ongoing drug discovery and development program directed to identifying novel, orally active agents for treating coronaviruses, (including SARS-CoV-2), for which we have nominated a compound and have begun IND-enabling pre-clinical studies. In addition, we are also exploring oncology applications for our internal PD-L1 portfolio. For more information, visit www.arbutusbio.com.
